Yoga gives us the space to stretch, breathe and relax enabling us to take time out and connect with our body, breath and mind. My intention is for my students to do just this and to leave my class feeling restored and rejuvenated, both physically and mentally. I teach classic Hatha Yoga with an emphasis on the breath, correct alignment, mindfulness and relaxation. I also teach Meditation and iRest Yoga Nidra. I teach in a warm, friendly, clear and accessible manner, teaching from the heart with passion, knowledge and love.
